George:

As you requested during our call/webinar on December 11, I'm forwarding you some additional information. Please find two files:

- Map of Newark Bay Study Area boundaries
- Shooters Island map with state boundaries; this figure also identifies sample locations in the southern part of the bay so you can see how these areas were characterized for the RI.

You also requested the conceptual site model. Here's the link to Newark Bay Study Area CSM:

<http://ournewarkbay.org/ConceptualSiteModel.aspx>

Once you've had a chance to review this information, please let me know if you'd like another presentation for your folks and/or DOH, or if you'd like something more or less technical.

Please also let me know if you need any additional follow up information.

Happy holidays!

Michael Sivak
